Report on First year Orientation Programme

The First year Orientation Programme was organized by the IQAC of Perunthalaivar Kamarajar Arts College on 20 January 2021. It began with the invocation song. The first-year students and their parents were given a warm welcome by the Principal, Staff and students of the College.

Dr. V. Indira, Assistant Professor of Mathematics and Co-Ordinator of IQAC, welcomed the students and parents.

The Principal, Dr. S. Babu, delivered the keynote address. He congratulated the students for having chosen the college for education. Drawing attention to the fact that the students were in a safe environment, he also insisted that they focus on learning, and face the multiple challenges that the COVID-19 scenario has laid out. He concluded his address after impressing the rules and regulations of the institution.

Each Head of the various departments was introduced. They addressed the gathering.

Later the forum was open for discussion wherein parents were encouraged to clarify their doubts and record their views.

Dr. Visalakshi, Assistant Professor of Tamil, delivered the vote of thanks.

After the national anthem the programme came to a conclusion.

Report on First year Orientation Programme

The First year Orientation Programme was organized by the IQAC of Perunthalaivar Kamarajar Arts College on 20 January 2021. It began with the invocation song. The first-year students and their parents were given a warm welcome by the Principal, Staff and students of the College.

Dr. V. Indira, Assistant Professor of Mathematics and Co-Ordinator of IQAC, welcomed the students and parents.

The Principal, Dr. S. Babu, delivered the keynote address. He congratulated the students for having chosen the college for education. Drawing attention to the fact that the students were in a safe environment, he also insisted that they focus on learning, and face the multiple challenges that the COVID-19 scenario has laid out. He concluded his address after impressing the rules and regulations of the institution.

Each Head of the various departments was introduced. They addressed the gathering.

Later the forum was open for discussion wherein parents were encouraged to clarify their doubts and record their views.

Dr. Visalakshi, Assistant Professor of Tamil, delivered the vote of thanks.

After the national anthem the programme came to a conclusion.

A two member of UG final year students can participate in the Quiz. Questions will be focused on the topics viz, Set theory, Number theory, Group theory, Real and Complex Analysis, Matrices and determinants at their UG level. The purpose of this Quiz session is to create an awareness of the students to solve twisted questions.

2. Mathematical Ability Test

In this session, students can brush-up their basic knowledge on various topics of mathematics. Students have to answer 50 objective questions within 30 minutes.

3. Poster Presentation (Oral/PPT)

This session gives a path to bring out the pictorial ideas of the students under the theme "PROOF WITHOUT WORDS". "MATHEMATICAL CONSTANTS" is the theme for power point presentation.

4. General Aptitude Test

Students have to develop problem solving skills as a part to get success in various competitive examinations. This test will help towards their goal. A set of objective questions will be given to the contestants and they have to answer them with in the mentioned time limit.

Workshop on "Essential Speaking skills in French"

The Department of French, Perunthalaivar Kamarajar Arts College, Kalitheerthalkuppam, Puducherry, conducted a one day workshop on "Essential speaking skills in French", on Wednesday, 26th October 2016.

Dr. Jayamarie Sujatha Tamby, Assistant Professor and Head, Department of French welcomed the gathering and introduced the resource person, Dr. Sarmila Acharif, Assistant Professor, Department of French, Pondicherry University. She stressed the importance of learning a language and how knowledge without proper language skills would cripple an individual's career and personality. Language is of utmost important in any area of education. Lack of importance to language may lead to deprivation of knowledge, therefore, knowledge spreading and assimilation of the same can be effective only through proper communication which in turn needs the basis of a good language.

Mr. Charles Christopher Raj, Assistant Professor and Head, Department of History, in his special address to the students, spoke about how language plays a vital role in different walks of life. Language is important for interaction. More languages mean more career prospects. Language is important not only for communication but it builds economic relationships, friendships and culture ties. There are around 6925 languages in the world and nearly fifteen languages are extinct every year. Hence, it is important to preserve a language as it is by itself the mirror of a society.

The Principal, CMA Dr. W.V. Balaji, in his presidential address welcomed the resource person and spoke how the French language is useful to the students to get better job opportunities both in India and abroad. Learning French can help to improve one's curriculum vitae and thereby create educational asset to achieve success in today's competitive world.

Mrs. Sarmila Acharif, Assistant Professor, Department of French, Pondicherry University gave an introduction about French presence in Pondicherry through its influence in the field of arts and architecture, Food and culture. Students were given worksheets to develop their listening and comprehension skills. She concentrated on the nuances of pronunciation and identification of French sounds. She also made the students effectively take part in the aural oral exercises that made the students benefit out of this course.

BY

Ms. SARMILA ACHARIF

Assistant Professor,

Department of French,

Pondicherry University

Pondicherry - 605 014.

During the Workshop, "Essential Speaking Skills in French" held on 26th October 2016 at Peurnthalaivar Kamarajar Arts College, Kalitheerthalkuppam, Puducherry 605 107, the students studying French as second language were given the opportunity to improve their knowledge on speaking the French language and also inputs were given on the employability aspects of this foreign language.

The presentation began with a quotation by Abraham Lincoln which is as follows: I quote "That some achieve great success is proof to all that others can achieve it as well". Through my presentation, I enumerated on the importance of equipping themselves with requisite educational assets in order to achieve that competitive edge which would help them all to achieve great success.

More precisely, this is to help them to realize and understand the need for learning foreign languages which will better their career prospects, broaden their worldly outlook and enhance their analytic and interpretive capacities. Well, as a French Teacher, I was given the opportunity to be present before them and talk about the need for learning this foreign language French and its employability aspects; as you can see, the topic of my presentation is "French for Employment"

Knowing other languages whether it is Indian or Foreign languages certainly opens doors and brings opportunities and it will also help you *Extend your reach, Know another culture and Get a better job*. Over the centuries, people all over the world have always been attracted towards learning French as a foreign language: the French language has been synonymous with culture, sophistication, art, fashion, romance and many such aspects.

The second part of the Workshop concentrated on training the students on the nuances of pronunciation of alphabets and words in French. They got the chance to listen to conversations in French to help them identify the sounds, the words and the meanings associated with them. They were made to repeat the sounds of alphabets, necessary corrections were done and finally they got the chance to pronounce the words too. As a feedback for their understanding, worksheets were distributed with some exercises. They were asked to complete the worksheets based on their listening and comprehension skills.
